

# Communications - Community Task

We'd love you help getting the story out.

## Guest Blogs

Ushahidi is keen to have community blog posts about your projects. Ideally an excellent blog post includes:

- topics ranging from relevant research, topical Ushahidi map projects, or software development on [Our Products](#)
- add you bio (Be brief - 2 lines or so)
- include photo of your map, a cartoon, a photo of your team or something eye catching
- less than 1000 words
- Answer questions like: what are you working on, what do you need help with, what did you learn from this, what best practices should others know

## Vector graphics

If you are blogging or presenting about Ushahidi, here are some graphics for you to use:
