

Ushahidi Toolkits

Our friends at the [Harvard Humanitarian Initiative](#) researched and created the original [Ushahidi Toolkits](#) to help Ushahidi users. Our community leaders and deployers contributed their best practices to help you. Thank you to the [Knight Foundation](#) for supporting this research.

(5 Key Tips for Online Reporting - These are applicable for any Map project.)

These wiki pages are project planning, best practices, evaluation and use cases for successful deployments.
