10 June 2011 (USHAHIDI-SA-WEB-2011-001)

Submitted	10 June 2011
Advisory ID	USHAHIDI-SA-WEB-2011-001
Risk	Moderate
Platform	Ushahidi
Version	2.0.1

Description:

We were recently contacted by Gjoko Krstic from the Zero Science Lab about a vulnerability in the Admin dashboard. This vulnerability allows for a specially crafted URL to inject SQL code.

Instructions:

Please update your deployment to the latest version.
