

# Technical Members

Ushahidi is open source software. We welcome front-end, back-end, mobile, graphic and web designer participation.

See all the [Getting Involved](#) wikpages for [Our Products](#):

[Ushahidi v2.X Getting Involved](#)

[Ushahidi v3.x - Getting Involved](#)

[SwiftRiver - Getting Involved](#)

Steps to connect:

1. Set up a wiki account.
  - a. Review [Our Products](#)
  - b. Set up your personal page.
2. Join [Github](#)
  - a. Technical ticketing is handled by each repository in GitHub. e.g. [Github.com/ushahidi](#) for Ushahidi\_web.
  - b. You can add a bug, feature or see what we are working on. Lend a hand, make a suggestion.
3. Join the [Forums](#) and help tackle issues.
4. Read the [blog](#) to learn about technical changes.
5. Join the Skype Developer Chat for Ushahidi, Mobile Apps and Swift Public (Contact username: "ngelzy" to be added)
6. Join the [mailing lists](#): [developers AT ushahidi.com](#) ([Mailing list archive](#))
7. Join our monthly [Community Developer calls](#).
8. Join [Meet-up](#), follow [Facebook](#) and [@ushahidi](#), [@crowdmap](#), [@ushahididev](#) to connect
