

Embedding an Ushahidi map into another website

Add this code to your website html:

```
<iframe src="https://yourwebsitename/iframemap" width="515px" height="430px"></iframe>
```

For example, [SyriaTracker](#) uses this embed code for their map:

```
<iframe src="https://syriatracker.crowdmap.com/iframemap" width="515px" height="430px"></iframe>
```
