

Crowdmap - Getting Started

Here are some basic steps to getting started with your Crowdmap experience:

Step 1: Modify your profile

- Add an avatar
- Add your bio
- Link to instagram
- Change your basemap
- [Get Crowdmap Plus](#)

Step 2: Create a Post or multiple posts. More is moar.

The power of Crowdmap is in your posts. You can add text, photos, youtube videos and more.

Simply create a post to get started. Posts can optionally be associated with Maps. All posts can be seen in your stream of posts.

Step 3: Create a Map

You can add any or all of your posts to a Map or Maps.

Step 4: Search other posts, other maps

You can follow maps and find posts of interest

Step 5: Collaborate

Add a comment to a post. Share content on Crowdmap or on other services....
