

# Crowdmap - Report Feedback

Crowdmap is changing...daily. We welcome your feedback.

Step 1:Click on the User Menu:

Step 2: Click on "Report Bugs". Add your feedback, optional contact information and click "Submit."

A screenshot of the Crowdmap website's "Beta Feedback" form. The top navigation bar is visible, with the Crowdmap logo on the left and "Maps", "Search", "Get Plus", and a user profile picture on the right. The main content area has a dark blue header with "Beta Feedback" in large white text. Below this is a section titled "Crowdmap Beta Feedback" with a red asterisk and the word "Required". The text reads: "Bugs, comments, gripes, praises, other feedback. \* Please be as descriptive as possible. If you want us to get in touch with you, please provide contact details logged in username with this form." There is a large white text input box. Below that is a "Contact Details" section with the text "In case you want use to get in touch with you, please let us know how." and a small white input box. At the bottom is a "Submit" button and a note: "Never submit passwords through Google Forms." On the right side, a dropdown menu is open, showing options: "My Profile", "Inbox", "Account settings", "Language: English", "Crowdmap Classic", "About", "Report Bugs", and "Log out".

If you are super keener, tech savvy, we also have an Open Github repo so that you can see our open Known issues, respond to questions and see our progress.
