

# Crowdmap - Discover Views

There are a few ways to Discover Posts and Maps on Crowdmap. You can use [Crowdmap - Search](#) or Discover with these view options:

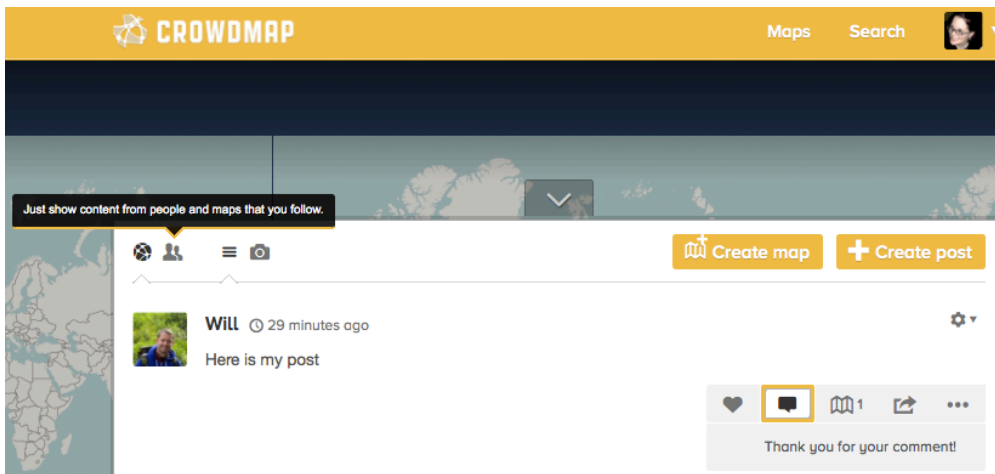

## Global View

By clicking on the "globe", you can see all the Crowdmap content: maps and posts.

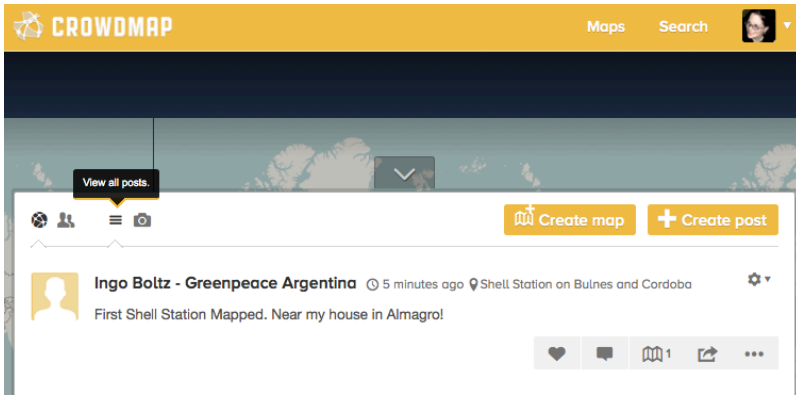

## View Latest Content

You can view all the posts and maps that you follow with the "double person icon":

## View all Posts

Discovering all the posts to Crowdmap is easy. Simply click on the "Paper stack" view.

## View all Photos

By clicking on the "camera" icon you can see all the amazing photos.
