

# Uchaguzi Analysis and Research Team

Welcome to the Uchaguzi Analysis and Research Team!

This team is in charge of analysing information(sense making) received in the platform, and providing situation room reports in the form of data

visualisation, pdfs etc.

The Analysis and Research Team will:

- Provide Uchaguzi team with twice daily reports - type of reports to be determined at Community working group sessions.
- Review online datasets and provide data via infographics and sensemaking.
- They will work with the communications folks to publish blog posts and situation reports in near real-time.

## Analysis and Research Checklist

Flex your brain cells. Use the power of the internet and any free tools to make sense of the data.

As the Analysis and Research team, you will be given access to download and analyze reports.

1. Please be sure to follow our [Uchaguzi Privacy and Security Guidelines](#) for all data handling.
2. See the [Uchaguzi Participant Checklist & Guide](#) for collaboration processes.
3. Review the [Uchaguzi Analysis Step by Step](#) docs for tips on the Uchaguzi platform.
4. Identify any critical or urgent items.
5. Identify patterns or gaps of information.
6. Prepare analysis by types of reports and locations.
