

Browse your bucket

Browsing a bucket is pretty much similar to browsing a river in the drops, list and photos view.

The screenshot shows the SwiftRiver interface. At the top, there is a navigation bar with the SwiftRiver logo, a home icon, a search icon, and tabs for 'Rivers', 'Buckets', and a user profile. Below the navigation bar is a 'Gadgets' section. On the left side of the gadgets section, there are two tabs: 'Drops' and 'List'. The 'List' tab is selected and shows a count of 50. Below the tabs is a search filter input field with the text 'Add search filter'. The main content area of the gadgets section displays a list of news items. Each item includes a source logo (e.g., VentureBeat, Business Insider, TechCrunch, The Next Web), a title, a date and time, a comment count, and a '1' in a blue box. The items are as follows:

- VentureBeat**: Samsung's Galaxy S4 Zoom: Part smartphone, part 16 megapixel/10x zoom camera. Wed, 12 Jun 2013 14:37:02 +0000. 0 comments.
- Business Insider**: Samsung Stuck A 10x Optical Zoom On The Back Of The Galaxy S4 And Called It The Galaxy S4 Zoom. Wed, 12 Jun 2013 12:18:43 +0000. 0 comments.
