Q1 2012 Notes:

**The technical community metric will be expanded to include issues and pull requests in Q2.

**Community membership (users may have multiple accounts)

- Community website (385)
- Skype: (320) Channel for Researchers (38), Swift Public (46), Ushahidi Dev Chat (201), and Ushahidi Mobile (35).
- Mailing lists: Swift River (293), Ushahidi Research (141), Ushahidi Developer mailing list (65), Mobile (30), and Designer (5). Some mailing lists will be merged in Q2.
- Engagement measurements:

Twitter @Ushahidi 24, 206

@Crowdmap 1, 820

@Ushahididev 101

Facebook Ushahidi Software 5, 325

Ushahidi Group 2,636

Q2 Notes:

- Community metrics now include code commits and issues. This represents the true numbers of contact with the technical community.
- Mailings lists for Swift, Mobile and Designer were merged with the main Developer list. Two new lists were started: Community (research members were invited to join this list) and Security Working Group (by invite only).
- Engagement Metrics:** Twitter:@Ushahidi 27, 070 , @Crowdmap 1, 984, @ Ushahididev 142
 - Facebook: Ushahidi Software 6, 032, Ushahidi Group 2, 622
