

Follow a User

Finding Users

You can search for users from your dashboard

This is where you'll see the latest from people, rivers and buckets you follow.

Get real-time information flowing.

Rivers are real-time streams of information from the channels and topics that matter to you.

[Create a river](#)

Save your hand-picked information.

Buckets are containers for the information you want to save, organize and gain insight from.

[Create a bucket](#)

Find information and people of interest.

Search rivers, buckets and people that are wading through real-time information.

Search for drops, rivers, buckets and users

Search results are filtered based on:-

- Drops
- Rivers
- Bucket
- Users

We're more concerned with users in this case. Select the "Users" option

[Rivers](#) [Buckets](#) 

Search results for 'angie'

Following a User

Below is an example of how a user's profile looks like. Simply click on the "follow" button, and you're good to go.

The image shows two screenshots of a user profile on the SwiftRiver platform. The top screenshot shows the profile of Angela Oduor (username: angie) with a 'Follow' button. A red arrow points to the 'Follow' button. The bottom screenshot shows the same profile after the user has followed Angela Oduor, with the button now labeled 'Following' and a green success message at the top: 'Success You are now following 'Angela Oduor''.
