

Subscribe to rivers/buckets

You can surface rivers and buckets to subscribe to in the following ways:-

From the activity stream on your dashboard

Rivers and Buckets either owned or subscribed to by users you follow will appear on your main dashboard

{To be added}

From a user's profile page

You can view rivers and buckets that a user is either managing or following by clicking on their content stream

This screenshot shows the profile page for Angela Oduor (username: angle). The page has a blue header with the SwiftRiver logo, home, search, and navigation icons. Below the header is the user's profile picture, name, and a 'Following' button. The main content area has two tabs: 'Activity' and 'Content', with 'Content' selected and highlighted by a red arrow. A sidebar on the left lists 'Everything', 'Pending', and 'Discussion'.

This screenshot shows the profile page for Henry Addo (username: eyedol). The 'Content' tab is selected, displaying a list of items under 'All your stuff'. The list includes 'Rivers', 'Buckets', and 'Forms'. A specific river entry is shown: 'eyedol / Azonto River' with a progress bar indicating '0 drops' and '0% full'. The 'Content' tab is highlighted with blue dots.
