

Weekly 24 - September 19 - 25, 2012

Ushahidi Weekly Update (#24)

We are a growing community. This weekly report is for the whole community and team to share what you are working on and what you need help with. Highlight your presentations, events, code and more. These reports will go out mid-week

Date: September 19 - 25, 2012

Community and Deployers:

About: What are you working on? What do you need help with?

Lost in Translation

Thanks to the amazing Korean Community. Ushahidi software is now translated into Korean. (Android, SMSSync and Platform) [Here's a blog post about this team](#). We are hoping to increase our Bosnia translations. If you can help, please see the [how to documents](#) and our [translation platform](#).

Planning your deployment

Working with digital communities is new for many organizations. The Digital Humanitarian Network has created this "Guidance for Collaboration with Volunteer and Technical Communities."

Code:

About: What code are your working on? What needs help?

We've got a new Android Release!

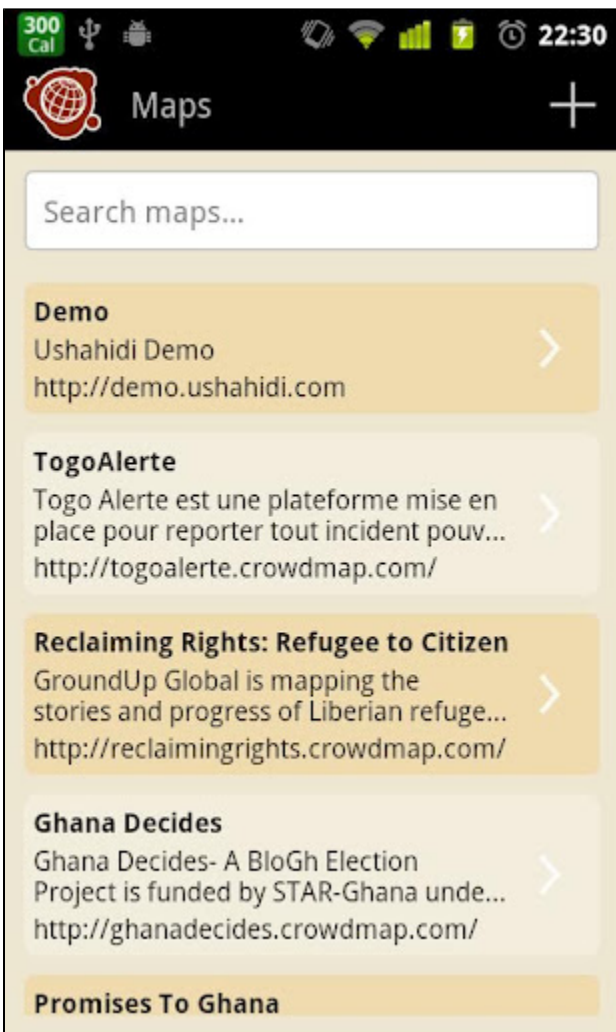

Features:

- Added Android-16 as a target. So now Jelly Bean devices can install this app.
- Changed the background color for filter by text to red and changed text color to white.
- Improved whitelabeling experience by add more options for customization. :

Bug:

- Fix lat/lon reverse issue. See #69.
