Step 2: Enter your Clickatell access information below. ?

Your Clickatell API Number:

Your Clickatell User Name:

Your Clickatell Password:

If you want to use Clickatell to receive SMS messages, you need a 2-way number from Clickatell.

Once you have your 2-way number, you need to make three changes to /application/controllers/frontlinesms.php and then register that as your callback URL in Clickatell.

- Change \$_GET['s'] to \$_GET['from'] - Change \$_GET['m'] to \$_GET['text'] - Add your Frontline key to the top of the script

You're set!
