

# Ushahidi 2.6 Community Test Day

We've got new Code to test! Join us online between October 8 - 14th, 2012.

We will be [editing this document for testing](#). This is a draft doc which will be ready on the 8th. Please note that the test environment will also be ready on the 8th.

We'll post to the wiki, blog, skype, irc and mailing list to let you know about testing details.

The [2.6 milestone on github](#) can be found here.

At the Crisismappers conference, we will also be community testing with our peers during [ICCM RHOK](#).
