

# Uchaguzi Technology Working Group

## Notes from Feb 19th 2013 Meetup

The team was taken through a demo of the platform.

The major pending issue testing. To help with testing, [Click here](#) .

On the to do list:

- Send testing document to guys on areas that require testing - [Click here](#)
- Share information about white labelled mobile applications - should be out by the end of the week
- Send GitHub repository links
  - [Uchaguzi](#)
  - [Android](#)
  - [iOS](#)

What to expect this coming week:

- Android app will be ready by the end of the week
- Alerts feature – working on subscribing for reports via sms, via email working great
